

# Seamless payments means success.

A trusted partnership to help your business stay ahead.

Tevalis and Barclaycard have integrated to help operations serve up a simple and speedy customer experience. Our payment partnership will help your customers pay quickly and easily, improving guest satisfaction, reducing wait times and turning tables faster through a reliable, robust integration that communicates seamlessly.

Tevalis and Barclaycard enable operators to sharpen their decision making through accurate payment data, keep the business safe with up-to-date fraud service and increase your teams productivity.

Quick onboarding

Reduce human error

Ongoing expert support

Portable payments on the move

“Our Tevalis EPOS is fully integrated with Barclaycard card terminals, allowing us to effortlessly take payments for orders. Having a fully integrated payment solution ensures that our customers’ experience is seamless, our service is not interrupted by downtime, and we do not experience lost revenue. The integration between Tevalis and Barclaycard is very beneficial to our business as it is fast, reliable, and efficient.”
