

Build loyalty and keep your guests hungry for more.

Collect customer data and deliver powerful marketing messages with Piggy's all-in-one CRM platform.

Generate repeat business from one easy dashboard. Build everything from powerful loyalty programs to gift cards and marketing automation including gamification and status levels, giving you the tools you need to drive repeat visits.

Choose your own rewards, rules, triggers, gamifications, campaigns and much more.

Over 100 features to create a lasting bond with your customers.

Seamlessly connected to the Tevalis EPOS, meaning data is readily available when you need it.

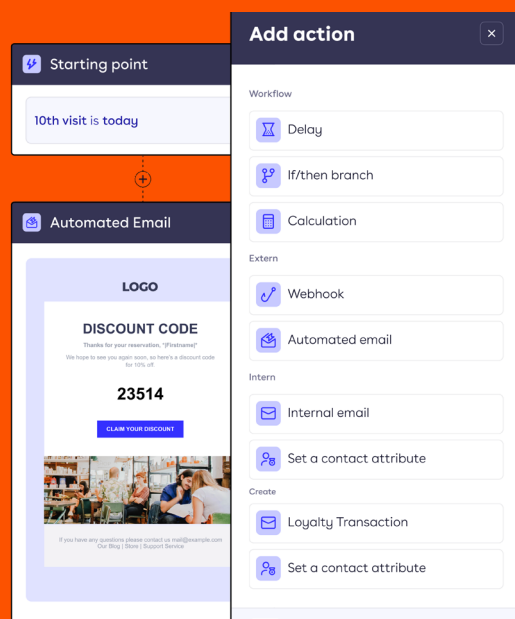

Automate your marketing and retention campaigns, send out digital vouchers and personalised offers to stay top-of-mind.

Enrich member profiles with custom data forms

Create custom forms to gather important member data. Embed on your website, in emails and more - plus, it's stored directly in member accounts.

Automation doesn't mean standardisation

Piggy's automation feature gives you the freedom to experiment without the worry. Test out new campaigns, triggers, segments and more without the extra workload.
