

tevalis & dojopocket

Dojo Pocket seamlessly integrates with your Tevalis EPOS solutions!

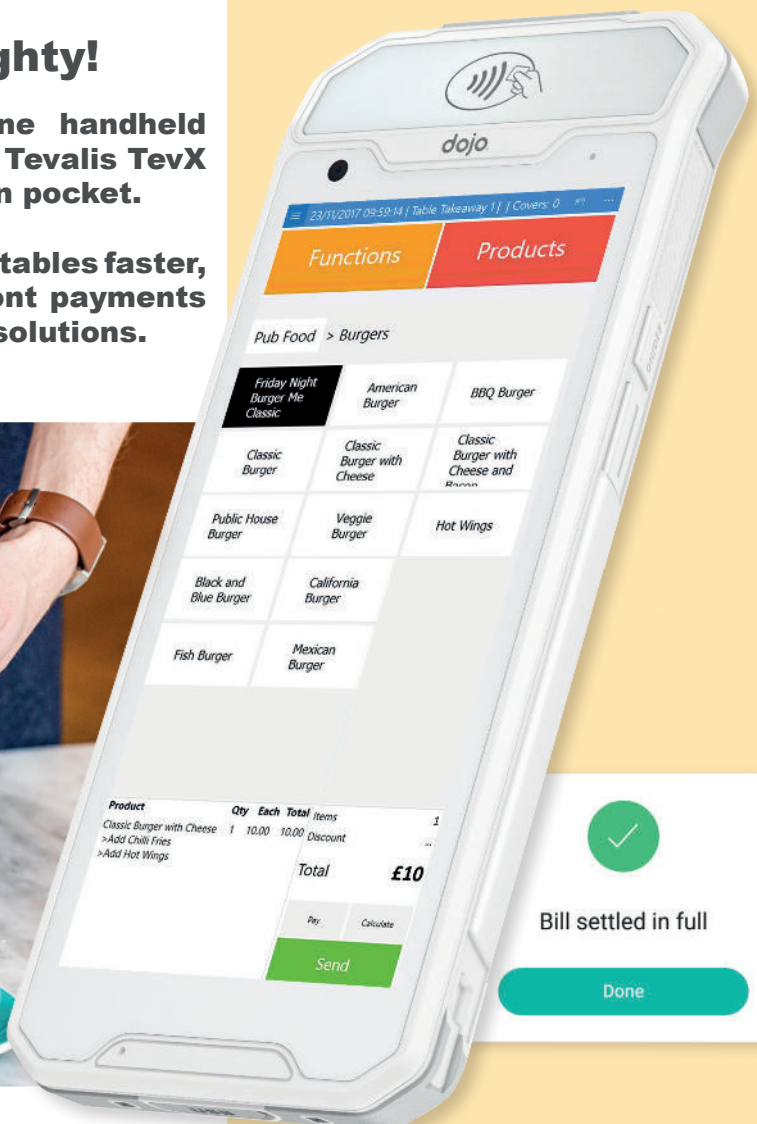

Orders & payments in one device.

Take orders and payments from anywhere with Dojo Pocket.

Dojo Pocket: Small but mighty!

Take orders and payments from one handheld device with the full capabilities of our Tevalis TevX solution, made to fit right into an apron pocket.

So you can serve more customers, turn tables faster, and help prevent walk-outs with upfront payments all integrated with your Tevalis EPOS solutions.

Unleash your pocket-ability

with Dojo Pocket & Tevalis.

Do more with less

Orders and payments online

Integrated with your Tevalis EPOS, the Dojo Pocket take orders and enables payment from one handheld device with TevX.

Turn tables faster

Light and portable

Place your order securely through the Dojo Pocket with our TevX solution. Your order will be sent instantly to the kitchen or bar, streamlining the process and minimising wait times.

Track orders in real-time with Dojo Pocket and TevX.

Wave goodbye to walkouts

Upfront payment option

Protect your profits with our fully integrated order and pay solution. Allowing upfront payments directly after an order, so customers don't have to wait around.

Take any contactless amount

Virtual Pin pad

Need to take a payment over £100? Your device displays a simple, secure virtual PIN pad so customers won't need to insert a card.

BOXPARK

“Using Dojo Pocket with Tevalis TevX is the new digital notepad of the future! Making waiting on tables quicker and easier than ever.”
